Dear Friends,

Summer should be a time for vacation and reducing our stress. Instead, with the delays at our borders and airports it has become a traveler's nightmare! And it is the NDP-Liberal Government in Ottawa and its horrible travel policies that are forcing Canadians to use its useless ArriveCAN app that makes everything worse!!!

It's time to end the mandatory use of the ArriveCAN app. Canada has one of the world's highest vaccination rates, and every province across Canada has lifted—or has a plan to lift—vaccine mandates. Despite that, international travel for Canadians continues to be impeded.

After two years of lockdowns and travel restrictions, Canadians are ready to travel again, and Canada's tourism industry is ready to host guests from all over the world. However, the ArriveCAN app continues to be a major impediment to travel plans.

From its launch, Conservatives have raised concerns about ArriveCAN app's privacy infringement, contact tracing and poor user interface. No consideration has been given to

seniors who have struggled to upload documents, or to travelers who have crossed a land border with no internet connection. Others have been forced into an unnecessary 14-day quarantine.

It's time the Liberals end the mandatory use of their ArriveCAN app. Canadians can count on Conservatives to push for greater flexibility, and to fight for an end to COVID-19 mandates and restrictions.

I further invite you to respond to my survey card attached—no postage required! I read each response personally and value the feedback that constituents share with me. Chaos at the Airports

HAVE YOU FLOWN THIS SUMMER?

Have you had the great displeasure of waiting hours in security for your delayed plane to depart? Was that flight subsequently cancelled? Or did you arrive and then sit on the tarmac for what seemed like forever?

Justin Trudeau and his Transport Minister blamed this travel nightmare on "out-of-practice travellers". Yes, the man who is supposedly in charge of the airports and airlines blamed the problem on you!!!

The NDP-Liberal government conveniently forgets that they laid off almost two-thirds of all airport screening

personnel and customs agents during the COVID lockdown... and forgot to hire them back again.

The government isn't telling you that the so-called "Passenger Bill of Rights" that they passed a few years ago was written by

lobbyists of the two big airlines, allowing those airlines to escape accountability when they miss connections and cancel flights on you.

Is the chaos at airports really your fault, as the government would have you believe? **Please share your recent travel experiences with me by email:**
